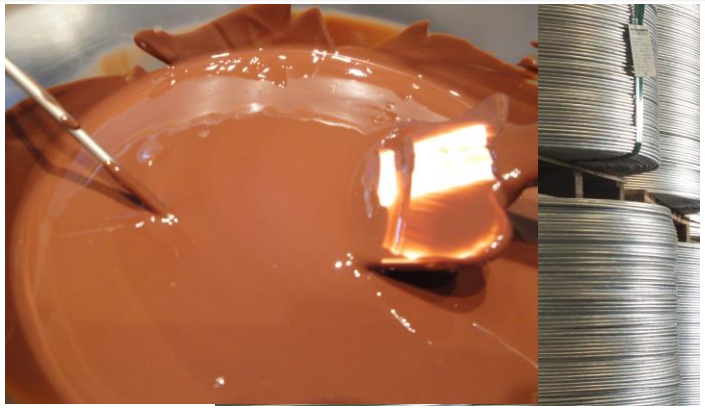
GHANA EXPORT PROMOTION AUTHORITY

EXPORT PERFORMANCE: PROCESSED/SEMI-PROCESSED SUB-SECTOR

ANNUAL UPDATE 2017



- Earnings from the sub-sector amounted to US$2,105.43 million, depicting an increase of 0.91% compared to US$2,086.49 million earned in 2016
- The increase is mainly due to the rise in the performance of cocoa products, which increased by about 60.5%
- The sub-sector still remains the major NTE sub-sector with a contribution of 82.35% to the total NTE earnings in 2017
- Cocoa paste was the top earner within the sub-sector with a contribution of 21.79%.
- The lowest earner in the top ten processed/semi-processed products was iron rods/circles with a contribution of 1.99% to total subsector earnings
- Total value of the top ten earners of this category amounted to US$1,490,772,713 representing 70.8% and 58.3% of the total processed/semi-processed products and total NTEs respectively.

	Cocoa Paste	Cocoa Powder	Canned Tuna	Articles of Plastics nes	Natural Rubber Sheets
